

## Dahlia Fold

**Step 1-** punch out 8 circles with a 1-1/4" punch

**Step 2-** Fold circle in half horizontally and vertically. Unfold.

**Step 3-** Using your previous fold lines as guides fold up the bottom corners. Your circle should now look like this.

**Step 4-** Flip the circle over and fold the left and right edges in toward the center.

**Step 5 –** Punch a 1-1/4" circle out of CS and fold in fourths.

**Step 6 –** Begin by covering the CS circle with adhesive, then place petals on the creases. Next fill in between those petals.
